Assessment of Need and Enforcement Plan

1. Background. NFSR # 695 is the upper boundary of several harvest units in the West Scriver Stewardship Timber Sale. Skyline logging equipment is in place and actively yarding logs to this road. The road is so narrow that there is no place to move the equipment out of the way for people to safely pass through. The purpose of this closure is for public and contractor safety.

2. Intent of Subpart B order. This temporary road closure is for all public access to promote public safety and protection during timber skyline operations.

3. Enforcement Plan. On the ground signing on NFSR #695 described in the Closure Order. The Closure Order and information signing will be posted at both ends of the segment of NFSR #695 to be closed. On site FS administrative personnel, LEOs, and FPOs will make compliance contacts as needed.
